eReads FAQs

Q: What are *READ 180* eReads?
A: eReads are a Web-based component of *READ 180* Next Generation that provide extensions of the *READ 180* Next Generation Software topics. Each eRead article also has a related *Scholastic Reading Counts! (SRC!)* quiz.

Because eReads are Web-based, they may be accessed from any computer with an Internet connection (for example, in a classroom, library, or home). eReads also include interactive elements such as article ratings, slide shows, and opinion polls.

Q: How does my child get access to eReads?
A: In order for your child to access eReads, your child's teacher must have turned eReads on for him or her.

**If your child is having trouble accessing eReads,
please contact his or her teacher.**

Q: Where does my child get his or her username and password?
A: Your child's teacher should give your child a *READ 180* username and password. The eReads username and password are the same.

**If your child does not have a username or password for eReads,
please contact his or her teacher.**

Q: How does my child get to the eReads page?
A: Students may access eReads from any computer with an Internet connection by going to www.read180.com/ereads.

On your child's first log-in, he or she will have to:
1. Enter the **zip code** of his or her school district and click **OK**
2. Select the **school district name** from the pull down menu and click **GO**
3. Type in his or her *READ 180* **username and password**
4. Click **Go On**

On subsequent log-ins, your child will need to:
1. Type in his or her *READ 180* **username and password**
2. Click **Go On**
